SKILLS Angular, HTML5, CSS3, Javascript, Typescript, git, npm, React, Redux, Ruby, Rails, PostgreSQL

EDUCATION

Web Development - *App Academy, 2019*

BA Computer Science - *Brown University, 2018*

EXPERIENCE

Ernst & Young (EY)

Senior Associate: Front-end Developer

2019-Present

I have worked on 2 engagements concurrently, where I have proven to learn quickly on the job and adapt to sudden changes needed by clients. The primary skills I have employed are **Angular, HTML5, CSS3, Javascript, and Typescript**. I have used **github** on both engagements for code collaboration.

ENGAGEMENTS

EY Comply

Financial Compliance Website

Nov 2019-April 2022

- Developed code to create, update, and maintain iterations of the EY Comply front-end.
- Closely collaborated with designers to deliver the most optimized user experience.
 - Studied designs on Figma to deliver pixel perfect recreations
- Worked and developed code with rest APIs.
- Participated in the agile development team for daily scrum meetings and Program Implement Planning.
- Implemented Adobe Analytics to monitor user traffic and behavior, and built cookie consent forms.
 - Assisted other teams in the firm with implementation of analytics and cookie consent.
- Met with users to understand their needs and for debugging purposes.
- Earned culture award for positive impact on workplace culture.

EY Motif

Firm Standardized Front-End Components

Jan 2021-July 2022

- Developed code to create, update, and maintain reusable Angular components that can be utilized by front-end developers on any project within EY.
- Collaborated with the React team to ensure components on the Angular team matched in style, implementation, and performance.
- Used both Abstract and Figma to implement pixel perfect designs.
- Updated component documentation to keep users up to date on how to utilize the components the team built.

CHARITY

The Champ's Corner: Alexander Muñoz Memorial Fund

Co-Founder

Sept 2015-Present

- Raised over \$250,000 for childhood cancer through marketing efforts and event planning, including an official partnership with the NYC Triathlon and NJ Marathon.
- Created the first Teen Cancer Fund at Jersey Shore University Medical Center.
- Collected thousands of Teen Wish List items for The Children's Hospital of Philadelphia, Jersey Shore University Medical Center, and the Unterberg Children's Hospital at Monmouth Medical Center for children with cancer.
- Established a scholarship fund of \$5,000 per year for local graduating high school seniors to attend college.

HOBBIES Advanced Classical Piano, Guitar, Digital 3D Modeling/Sculpting
